PARISH COUNCIL CHAIRMAN

Ted Montoia 729-7828
pcchair@marymother.org

Dear Parishioners of Mary Mother of the Church,

Some 45 years ago our parish was established by our Archdiocese. The Redemptorist priests, for 19 years, guided the physical and spiritual building of our living Church. They took as their guide the teachings of Vatican Council II, *to welcome each other as we enter the church, invite all the parishioners to sing at Mass, and eventually to tithe their donations, and not to leave church before Mass is concluded.* Most of the members took these challenges to heart as reflected in our prayer life.

What can happen, however, in the history of parishes, is simply that, as the parish ages and others members join, some of the original practices can be forgotten. So, to take one practice as an example, I am told that a number of our members do leave Mass early. Granted, I realize there are reasonable reasons for doing so. The favor I ask of you is that we try to live out the practices that originally marked the life of our congregation.

Msgr. Jim Telthorst

OUTREACH

You can make prayer requests as well as requests for help through our parish OUTREACH program. The email address for a request is: Outreach@MaryMother.org

SPOTLIGHT ON STEWARDSHIP

You'll find this young man at almost every activity; and he's more than willing to lend a hand whenever asked. He's an eager worker and often the last to leave a Mary, Mother event. And if you ask if he needs a ride home, he always declines because he "likes walking." Look on page 2 to see who this young man is.

My cousin used to raise Angora goats and sell the wool. I learned from him that goats have a pecking order from the lowest all the way up to the head goat. As you might guess, the head goat leads the herd, gets the choice of food to eat, and, since it is always a male, gets his choice of the female companions. So this is no small honor in goatland.

Well, as it turns out, the goats don't recognize one another after the shearing. So, the order of goat life is upended, beginning the whole process of campaigning, shoving, shouting and head butting for the position at the top of World Barnyard Domination: Head Goat.

Of course humans, being highly evolved as we are, do none of this silly behavior.

Of course, it is complete coincidence that our parish recently changed the times of our weekend Masses and members are shuffling into the new schedule and seating location. In true Mary, Mother fashion, grumbling has been rare; and I didn't even see any head-butting.

Goats are so much more exciting to watch...unless you consider the elections.

Tell me what you think. Email: pcchair@marymother.org

Did you ever start a new job? So much to learn; but in time, our routine becomes automatic, we learn names and understand the challenges ahead. We look for support if we need help or ask for new ideas. Sound familiar? As part of the newest group within the Parish Council...I am grateful, trying to learn new names and hoping to meet new people working on activities within our parish. We spent July 16 working on goals for the year. We are very grateful for the work of Helen Collins. Her leadership, starting the first Parish Council here and in our diocese is an amazing gift that we continue.

Did you know Mary, Mother of the Church has 45 years worth of people in our midst who have shared TIME, TALENT and TREASURE working with the Pastor to help our parish grow? I pray that you will be willing to offer your time, share your talents with us in the coming year.

New ideas? Leave a note in my mailbox at church in the office copy room or send an email (address in bulletin each week and in the Update). We look forward to the days ahead.

LITURGY NOTES

Ken Barnes 894-1373
kbarnes@marymother.org

Special Congratulations! from our parish community to Randy and Mary Anne Howe on **the occasion of Randy's Ordination to the Permanent Diaconate!** Randy was ordained at an elegant liturgical ritual **at the Saint Louis Cathedral on Saturday, June 4.** As a parish community, we had **the opportunity to acknowledge this milestone event** as we celebrated together **a wonderful liturgy and reception here at Mary Mother on Sunday, June 5.**

From a liturgical point of view, the Mass with Randy assisting as Deacon for the first time was an **even more wonderful** event because of **the enthusiastic singing of our parish assembly.** It is always a glorious experience to witness **our community engaged in praying, singing, and worshipping with such spirit** on an occasion like this. **Please feel free to keep doing the same thing every weekend – as if you need a reminder.** It's what we do regularly at Mary Mother, and it's a "blessed occurrence."

Once again, be assured that **the full participation and enthusiastic singing of our assemblies here at Mary Mother will always be a top priority** for our Parish Music Ministry.

ATHLETIC COMMISSION

Bob Slama 849-9103
athletics@marymother.org

Thanks to Denise Kennedy for her two years of serving in the position I now hold. Denise did a great job and was very helpful in the transition. The Car Show/BBQ was a great success in spite of the very hot weather. I would like to personally thank all who helped but would probably leave someone out. On behalf of our children, I thank everyone who came out and participated in spite of the weather.

The Track Team did extremely well this year. Thanks to lay director Doug Illiff. We are still in need of a CYC representative. It would involve one CYC meeting and one Athletic Commission meeting per month. We are also in need of a Basketball Tournament Director and a Volleyball Tournament Director. Some of my most cherished memories are while serving as a CYC baseball coach and as the scoutmaster at St Dominic Savio. I know we are all busy but consider the opportunity; children grow up quickly.

FAITH COMMUNITY NURSE

Michele Venable 894-1373 ext. 206
parishnurse@marymother.org

Summertime activities will soon wind down with students soon to be in "back to school" mode. This should include proper "sleep mode," a challenge when there are still many hours of daylight! Preparing over the next few weeks can greatly ease the transition back. Having consistent sleep and wake times during the week and on the weekend helps. Sleep requirements for children are: preschoolers need an average of 12 hours, school-age (6 to 13) need an average of 10 hours, and teens need an average of 9 hours. Many children get less sleep than they need. Good sleep habits are as important as nutrition and exercise for children's overall health. Bathing and showering at night and reading quietly before bed often help children wind down. Watching TV, video gaming and spending time on other entertainment devices stimulates the brain and should be avoided at least one hour before bedtime. In addition, parents/guardians should be cautious about content that is age-inappropriate, which can cause anxiety and contribute to sleep problems. Keeping children's sleep needs a priority helps everyone!

EVANGELIZATION COMMISSION

Michelle Martin 636-282-1836
evangel@marymother.org

Hello~~As I begin my term as chairperson of the Evangelization Commission, I thought I'd introduce myself. My husband Rick and I have been parishioners at Mary Mother for 19 years and have been married for nearly 20. We are probably best known as Keith's parents. Keith used a wheelchair. Because Keith is in heaven, we are able to get more involved serving our parish family.

I have some inclusive ideas I'm eager to try that I'll bring to the Parish Council.

By the time you read this, I will have hosted, along with the ambassadors, a New Parishioner Night. If one person left feeling more comfortable and connected to someone in our parish, it was successful.

Please feel welcome to talk with me in person, by phone or by email if you have any suggestions pertaining to evangelization at Mary Mother. Also, if you are curious about what the "ambassadors" do or after the meeting have decided to welcome new parishioners with us, come on aboard!

ADMINISTRATION AND FINANCE COMMISSION

*Claude Leezy 894-1404
adfin@marymother.org*

A special thank you and commendation to Mort Small who provided dedicated direction as Chairperson of the AdFin Commission for these past two years. He guided several major projects that will provide sustained service and savings to our parish.

Our parish fiscal year is from July 1 to June 30. The year-end financial statements are not yet completed for the fiscal year (2015-2016) recently completed; but that year is trending to conclude with a minor deficit in General Revenue. The budget for this current fiscal year (2016-2017) is also projecting a minor deficit in General Revenue. Although this is not a major situation at this time, our parish financial health continues to be monitored closely so that our spirit-filled community will endure 'in the manner to which we are accustomed.' Be assured that AdFin remains committed to being good stewards with what our parish is being blessed.

*God bless you
with health
and happiness*

HEALTH MINISTRY

*Kathy Newbold 843-6801
health@marymother.org*

The Health Ministry Commission sponsored a "THYME AGAIN" garden tour, speakers, and a continental breakfast on May 21. All 75 tickets were sold; and there were 5 gardens to tour. This event is very popular so plans are in the works for another garden tour in 2017—maybe "ONE MORE THYME." Walking through beautiful gardens is a great form of exercise, a nice way to quiet the mind and enjoy God's earthly creations. A special thanks to all Health Ministry Commission members who helped to make the garden tour a successful event.

Please watch for the "IN THE PINK" articles for summer. They are available in the vestibule after all Masses. The summer topics are sunscreen, skin cancer, medical information and the sources of medical information, and fiber in our diets. "IN THE PINK" is just another way you can be informed of current health issues that promote wellbeing and healthy lifestyles.

Line dancing will be offered on 2 Fridays, August 5th and August 26th from 7:00-9:00 pm in the parish hall. Light refreshments will be served; and any monetary donations will be given to Women's Place.

CHRISTIAN FORMATION

*Sr. Suzanne Giro 329-6339
formation@marymother.org*

Hello, I am Sister Suzanne, your new Christian Formation liason. First of all, I attended the Citizens Against Pornography meeting and was very impressed with the dedication and involvement of its members. That meeting's focus was on the literature weekend for the parish in June.

The Women's Acts retreat is in process of being planned for later this year.

I would like to share with you a good book that I am reading. It is "Sacred Fire" by Ronald Rohlheiser, OMI. We have all heard about the unforgivable sin. Rohlheiser states that, when we sustain a lie for any length of time, we begin to warp our conscience and the sin eventually becomes unforgiveable, not because God does not want to forgive but because we no longer see any need to be forgiven. Lying to ourselves hardens and corrupts our spirit. If we do sin, we should have the courage not to lie or rationalize about it after the fact. It was a new insight for me and I hope for you.

LITURGY COMMISSION

*Andy Dapron 550-2094
liturgy@marymother.org*

Summer is a season of many unique experiences: among them, the younger members of our community are home from school; and we in the Midwest learn to love the heat. For many of us, summer is also travel season, as we take the opportunity to experience the goodness and beauty of the wider creation. As we journey to and from our various destinations, let each of us remember that the fruit of our liturgical celebrations is borne primarily, not between our amens, but after we leave the sanctuary. May we grow in our consciousness of Christ, and the great seeds of Love we gather to receive in Word and in Sacrament, and from one another. One source of the growth signaled by ordinary time comes when we receive those seeds at home, and then scatter them on new soil. Indeed, each of us IS the very Presence of Christ in the places we find ourselves planted! The Liturgy Commission will continue to do our best to enrich our home soil.

**POTLUCK DINNER
AND
DISCUSSION ON RACE**

Archbishop Carlson has asked the Catholic parishes to be part of the dialogue on race. We take this request seriously especially with the recent events going on in our country. In light of this, Mary Mother and the Rock Church are hosting a POTLUCK DINNER and DISCUSSION ON RACE.

After dinner we will view a video on a Black person’s experience of daily life. This will be followed by small group discussions with an opportunity for all to participate.

We are asking parents to encourage their junior high and high school children to be part of this discussion. Many of our Mary, Mother students attend schools in our community alongside Black children. Their experiences are real, valid, and honest which will add to our discussions. They will be in college in the near future; and our Catholic values can shape the society we live in.

The date for this “Potluck Dinner and Discussion on Race”

YOUTH COMMISSION

*Ben Dattilo 845-6415
youth@marymother.org*

First, the Youth Group would like to thank all of those who supported our Steubenville Trip. Whether with money or through prayer, we are very appreciative of your support. At our upcoming spiritual night, we are showing “Mother Teresa’s Letters.” Then at our rec night, we are doing a fear factor. All teens are encouraged to come. If you have any questions or would like to know more, please text, call or email Clare Ernst.

We have received requests from some parishioners to be put back on the mailing list to receive the Update. For some, it’s because they forget to read it; for others, they’re unable to open the Update on the website. Whatever the reason, if you find that you would like to receive the Update in the mail again, you can send this request to the parish office, marking it ATTENTION: Jackie Wilson or email at wilsjmar@charter.net

CITIZENS AGAINST PORNOGRAPHY

Carl Hendrickson 892-6451

In late June, Citizens Against Pornography (CAP) had available in the vestibule of the church information about pornography, the dangers lurking on the Internet, and Human trafficking. Many parishioners stopped at the table after Mass to obtain literature and/or to donate to CAP so that it may purchase additional pamphlets and literature.

One of the fastest growing crimes in the world is sex trafficking. Its victims are forced or lured into performing in obscene movies and videos or prostitutions. The methods used by the traffickers are force, fraud or coercion. Force, such as beatings and confinement, is often used. Fraud, such as promises of a glamorous life, is another way victims are lured. Finally, victims are often coerced through threats or psychological abuse. In addition to this literature table, CAP has had numerous display tables at pro-family conventions and has hosted two human trafficking forums.

CAP's next meeting is Thursday, September 15, at 7:30 p.m. You are welcome to join us and learn more.

Craig Snavely 487-8995

It has now been officially documented through St. Louis Fire Department records that there have been 58 medical emergencies at Planned Parenthood, St. Louis, between January 1, 2009 and April, 2016. Of those medical emergencies, 50 were noted as Urgent Priority 1, which would include life-threatening conditions. Not included in this list are two additional ones which took place in May, 2016. It seems as though abortions are not safe procedures for the mother of the unborn baby either.

On, July 14th, the 1 year anniversary of the release of the Planned Parenthood investigations, the Center for Medical Progress (CMP) has released a retrospective, looking back at what has been accomplished through these videos, plus a summary of evidence of Planned Parenthood receiving large amounts of money for the parts of the babies aborted.

The Congressional panel investigating Planned Parenthood released a report on their findings of wrongdoing on the anniversary of the release of the CMP videos. More investigations are continuing; and at least 24 states have initiated a defunding of Planned Parenthood in their states.

Legislation Relating to Photo ID Voting Requirements

The Missouri General Assembly has passed a proposed constitutional amendment and accompanying legislation that would establish new requirements regarding identification requirements for voting. EVERY state sets their own amendments for their own State Constitution. HJR 53 is the proposed constitutional amendment. It states that a person seeking to vote may be required by statute to verify their citizenship and Missouri residency by providing election officials with a valid government issued photo ID. HJR 53 will be submitted to voters for their consideration at the general election on November 8. All proposed constitutional amendments must be approved by a simple majority.

At this time Governor Nixon has vetoed this bill. The General Assembly has the option of overriding the governor's veto at the veto session, scheduled for September 14. The Missouri Catholic Conference, along with MCU, feels that this issue is mute because Missouri already requires voter ID. Voter fraud is almost nonexistent, so why spend \$17 Million to fix something that is not broken?

SAINT VINCENT DE PAUL

Judy Belford 416-7354

In the second quarter of this year, the MMOC Vincentians engaged in 716 hours of service and drove 1041 miles making 33 home visits to our neighbors in need. The volunteer hours also reflect time spent working at the Thrift Store to earn voucher credit, serving 274 people on our regularly scheduled days operating the St. Vincent de Paul lunch window, collecting and recycling scrap metal. Because of your contributions, we have been able to assist parishioners and people in our parish boundaries with the following expenses:

Utilities \$1405

Rent \$2950

Medical \$489

Household items not covered by voucher credits \$163

Transportation \$300

Personal Care Items \$116

Food Gift Cards \$225 (to cover perishable items)

Food \$769 in food delivered (at \$1.25 per item)

We were able to provide this assistance due to your generosity in on-going food donations, the 5th Sunday collection, the tool sale, and the scrap metal drive. Thank you for your continued support of your neighbors in need.
