Thank you parents and families of choir members for supporting your child's participation in the Mary Mother Children's Choir. Thank you children for your continued contribution to our parish liturgies --- our parish community really appreciates your efforts.

Parents, we appreciate your help with having your child present and on time for rehearsals and Masses. I will generally communicate with you by email, so please check the email address that you gave me whenever you have a question about dates and times. As always, please let me know if a choir member is not going to be with the group on a scheduled day --- the best way to let me know is by email or by a phone call to the Rectory --- my extension is 217.

I look forward to working with your child during these coming weeks.

God Bless You All - Ken Barnes
